

The logo for the Center for Knit & Crochet Digital Museum features a circular design with a teal border and a white center containing a stylized, circular pattern of lines. The text "Center for Knit & Crochet" is positioned above the circle, and "DIGITAL MUSEUM" is written in smaller, spaced-out letters below it.

CKC Music | Makers

A Knit Purl Jam & Acoustic Crochet

The Center for Knit and Crochet (CKC) invites you to submit your sounds and interpretations for **"CKC Music | Makers: A Knit Purl Jam & Acoustic Crochet."**

The goal of this interdisciplinary project is to recreate or reinterpret historical pieces of music in CKC's Library and Museum Collections for contemporary listeners.

Here's How It Works

- Visit our CKC Music | Makers information page at centerforknitandcrochet.org/ckc-music-makers, sign up for our email list, read details about the contest, and find links to the 12 historical songs about knitting and crochet, that we have assembled for you from CKC's Library and Museum Collections.
- Submit a link to your recordings to CKC by **April 30, 2023**. Your approach can be loyal to the original score or you can explore other genres—whatever moves your creative spirit.
- The Top Ten recordings will be determined through online voting.
- Visit centerforknitandcrochet.org/ckc-music-makers for further information.

The Center for Knit and Crochet is a 501(c)(3) nonprofit educational organization offering access to digital collections of knitting and crochet from libraries and museums across the United States via Digital Public Library of America (dp.la), and from individuals seeking to preserve their knitted and crocheted legacy online.
